Beef CSA 2012

What is a CSA?

CSA stands for Community Supported Agriculture. This idea is relatively new to the US and came about in the 1980's. The concept is that members of the "community" commit their support to the farmer for duration of the growing season and in return the farmer provides those members of the community with the products grown to the best of his ability.

Members will pay a certain amount upfront and then will receive a weekly basket/share containing a variety of Beef. CSA allows people to feel a real connection to their local farmers and the land they operate on. Therefore, CSA members will be receiving healthy, fresh, and local farm products weekly, while also knowing the people & the farm that they are supporting.

How it works...

CSA Members can expect to receive a weekly basket/share of Beef for 20 weeks. The produce will vary from week to week. The members will pay a fee upfront to hold their share because shares are limited. If a member would like they may pay the full amount at the beginning. Other wise, they can pay the remainder of the balance over time but all members must be paid in full by **May 25th, 2012**.
